

Most amateur radio operators respect the FCC to assist us in times of need. This is one of those times. This is not selfish, but a business approach to management of precious frequency space. This well thought out plan hurts no one really and makes us all better stewards, working together so we may all coexist in harmony.

Please consider RM-10352 in the spirit it was filed, to afford better management of the 160 amateur radio band.

Thank you,

Respectfully, Lynn Lamb, W4NL
